Profile

Hello, I'm Sai Murali, a passionate learner with a strong interest in the fields of Artificial Intelligence (AI) and Machine Learning (ML). I am dedicated to expanding my knowledge and skills in the exciting world of ML, and I am currently immersed in the process of learning and mastering the intricacies of machine learning. My journey is driven by a thirst for understanding and applying AI and ML to real-world challenges, and I am enthusiastic about contributing to the advancement of these cutting-edge technologies.

Certificates

- Blockchain And Its Applications [🔗](#)
- ICCISAH [🔗](#)

Projects

ConnectV

ConnectV is a dedicated application designed to bring introverts together on a singular server for random chat interactions. The primary goal of this app is to create a safe space where introverted individuals can connect, engage in conversations, and socialize with others who share similar personality traits and interests.

Professional Experience

- | | |
|------|---|
| 2023 | GDSC SMEC App Dev Lead 🔗
the application development initiatives within the GDSC (Google Developer Student Club) at SMEC. As the lead, your responsibilities may include guiding, organizing, and managing the development of applications, possibly coordinating with a team to ensure successful app creation, deployment, and possibly conducting workshops or training sessions related to app development. |
